FOREWORD

The Association regrets the delay in placing before you the second issue of the Journal for the year 1994.

As indicated in the first issue, the Association has brought out the proceedings of the National Seminar on "Agricultural Credit System—The Next Stage". The proceedings have been well received by agricultural economics professionals and others concerned with agricultural credit. Limited copies of the proceedings are available with the Association, on a first come first served basis till stocks last, at a special price of Rs. 100 per copy.

It has been decided to hold the next Seminar on "Policies for Agribusiness Development" in collaboration with the Institute of Cooperative Management and the University of Agricultural Sciences at Bangalore during 29th and 30th May, 1995. The outline of the Seminar has been sent to all the members requesting them to contribute papers and participate in the Seminar. The outline of the Seminar also appears in this issue of the Journal. Eminent professionals, policy makers, administrators in public, corporate, cooperative and private sectors are participating in this very important Seminar. It is earnestly hoped that all the members will cooperate and help in making the Seminar a grand success.

New Delhi
15th March, 1995.

Executive Committee
Agricultural Economics Research
Association (India)

ACKNOWLEDGEMENT
