# *Journal of Food Distribution Research*

Volume XLII, Number 1

March 2011

ISSN 0047-245X

The *Journal of Food Distribution Research* has an applied, problem-oriented focus. The *Journal's* emphasis is on the flow of products and services through the food wholesale and retail distribution system. Related areas of interest include patterns of consumption, impacts of technology on processing and manufacturing, packaging and transport, data and information systems in the food and agricultural industry, market development, and international trade in food products and agricultural commodities. Business and agricultural and applied economic applications are encouraged. Acceptable methodologies include survey, review, and critique; analysis and syntheses of previous research; econometric or other statistical analysis; and case studies. Teaching cases will be considered. Issues on special topics may be published based on requests or on the editor's initiative. Potential usefulness to a broad range of agricultural and business economists is an important criterion for publication.

The *Journal of Food Distribution Research* is a publication of the Food Distribution Research Society, Inc. (FDRS). The *JFDR* is published three times a year (March, July, and November). The *JFDR* is a refereed Journal in its July and November Issues. A third, non-refereed issue contains papers presented at FDRS' annual conference and Research Reports and Research Updates presented at the conference. Members and subscribers also receive the *Food Distribution Research Society Newsletter* normally published twice a year.

The *Journal* is refereed by a review board of qualified professionals (see Editorial Review Board list). Manuscripts should be submitted to the FDRS Editors (see back cover for Guidelines for Manuscript Submission).

The FDRS accepts advertising of materials considered pertinent to the purposes of the Society for both the *Journal* and the *Newsletter*. Contact the V.P. for Membership for more information.

Life-time membership is \$400. Annual library subscriptions are \$65; professional membership is \$45; and student membership is \$15 a year; company/business membership is \$140. For international mail, add: US\$20/year. Subscription agency discounts are provided.

Change of address notification: Send to Rodney Holcomb, Oklahoma State University, Department of Agricultural Economics, 114 Food & Agricultural Products Center, Stillwater, OK 74078; Phone: (405)744-6272; Fax: (405)744-6313; e-mail: rodney.holcomb@okstate.edu.
