

## GUIDELINES FOR SUBMITTING MANUSCRIPTS TO *JARE*

Contributors are requested to use the following guidelines in preparing manuscripts for submission:

1. *Cover Letter.* In a cover letter accompanying the manuscript, indicate (a) why the manuscript would interest *JARE* readers; (b) whether the material in the manuscript (or modification thereof) has been published, is being published, or has been submitted for publication elsewhere; (c) that the material in the manuscript, to the best of the author's knowledge, does not infringe upon other published material protected by copyright; and (d) that the author has read and agrees to the policy on data access and estimation procedures outlined below.
2. *Data Access and Estimation Procedures.* Authors should report, describe, and/or reference the complete estimation process undertaken to derive the results presented in the manuscript. This should include data documentation as well as model specifications estimated but not reported in the manuscript. Authors are expected to make data used available at cost upon request for five years.
3. *Title Page.* On a separate page, provide the title of the manuscript and author(s) name(s) centered and in boldface type. At the bottom of the same page, provide university title(s), institutional affiliation(s), acknowledgments of colleague reviews and assistance, and institutional support as an unnumbered footnote. **Do not place the name(s) of the author(s) on the first page of the text.**
4. *Abstract.* Include an abstract of 100 words or less, followed by up to eight key words listed alphabetically.
5. *Text.* Double-space all text, including the abstract, acknowledgments, endnotes, and references. Allow one inch margins on all sides—left justified only (*jagged* right).
6. *Style, Grammar, and Punctuation.* *JARE* uses *The Chicago Manual of Style* by the University of Chicago Press and *Webster's Third New International Dictionary* for style, format, and spelling.
7. *Endnotes.* Use superior numerals in the text to correspond with the numbered material on the endnote pages which follow the text.
8. *References.* List all works referred to in the text alphabetically and unnumbered on separate pages following the last table page. See current issues of *JARE* for format. Textual citations require either the author's last name within parentheses, or the author's name and year if more than one source by that author is also referenced.
9. *Figures and Tables.* Place each figure and table on a separate page following the text pages. Computer generated graphics are preferred. Refer to a current issue of *JARE* for correct format.
10. *Mathematics.* Consecutively number equations throughout the text. When displaying equations, place the equation number within parentheses flush left and the equation centered. Use italic type for all *variables*.
11. *Publication Costs.* Authors submitting manuscripts are expected to assume obligation for payment of page charges at the time their manuscripts are published. Current page charges are \$70/printed page.
12. *Submissions.* Send **four** good quality copies to the address below. **Do not send a disk copy until requested by the editor.** Receipt of manuscripts will be acknowledged by return mail.
