Economic Interpretation of Statistical Tests of Similarities Between Two Sets of Data

Subscriptions

Members of the Canadian Agricultural Economics Society receive the Journal as part of their membership.

Yearly subscription $15.00

This issue $3.50

Requests for subscriptions or individual copies should be addressed to the Treasurer, Canadian Agricultural Economics Society, Suite 907, 151 Slater Street, Ottawa, 4, Ontario, Canada.

The Canadian Journal of Agricultural Economics is published three times yearly in February, July, and November by the Canadian Agricultural Economics Society and printed by University of Alberta Printing Department.
HOW PROFITABLE IS YOUR FARMING?
In farming for profit, conventional methods won't do.

**Profitable farming calls for:**

- Adequate and timely water supply by having a suitable irrigation system: tubewells, borewells, surface percolation wells with proper lifting devices, e.g., pumpsets, rahat, etc.

- Necessary production inputs like chemical fertilizers, improved seeds, pesticides, insecticides, etc.

- Mechanisation with tractors, power tillers, improved implements and power sprayers, for timely and precision operations.

- Diversification of farming with enterprises like dairy farming, poultry farming, piggery, horticulture, sericulture, etc. to get maximum profit with available farm resources.

- Marketing facilities such as godowns, cold storages, transport vehicles, etc.

All this and more costs money. And that makes a profit-minded farmer bank-minded. He reaps a bumper harvest, year after year, with financial assistance from BANK OF INDIA. What about you?

Contact your nearest Branch, for more details.

Bank of India
Before you are tempted to spend money, save regularly with the Bank of Maharashtra

Of course, you need luxuries. But saving for the future comes first.

Save effectively by these means:
1. Recurring Deposit Scheme
2. Fixed Deposit
3. Savings Bank Account

BANK OF MAHARASHTRA

AGRICULTURAL SITUATION IN INDIA

Main features:
* A newsletter on a leading current topic.
* Articles from experts to enable critical appreciation of current trends and prospects.
* Extensive commentary on the agricultural developments in India and abroad.
* Reviews on important agricultural commodities.
* Comprehensive statistical tables—crop production, wages, prices, import and export, rainfall and crop estimates.

Commanding a wide and influential readership in India and abroad, Agricultural Situation in India is an invaluable guide to business executives, administrators and students of agricultural economics.

Subscription:
- Single copy: Rs. 2.00 or 4s. 8d. or 72 cents.
- Annual: Rs. 24.00 or 56sh. or 88 64.

Journal of THE AGRICULTURAL ECONOMICS SOCIETY
Published twice yearly; annual subscription £3.15
Editor: O. J. Bailby, Department of Agriculture and Fisheries for Scotland, St. Andrew’s House, Edinburg, EH1 3DA, Scotland.
Treasurer: Ian G. Reid, Department of Agricultural Economics, Wye College, Ashford, Kent, to whom all enquiries regarding membership of the Society and orders for Journals should be sent.
AUTOMATION OF CAB SERVICES

The Commonwealth Agricultural Bureaux which produce WORLD AGRICULTURAL ECONOMICS AND RURAL SOCIOLOGY ABSTRACTS and some 19 other abstract journals covering different aspects of world literature on agriculture, are introducing computer techniques. These will further improve the provision of specialist scientific information services for agricultural research workers. The new system will facilitate:

(a) speedier journal production and earlier notice of papers,
(b) the inclusion of indexes in each issue of all journals,
(c) the search of the whole CAB data base to provide special outputs on selected topics, current awareness, personal and group services, annotated bibliographies, etc.,
(d) the interchange of information with other major information services in this field,
(e) the supply of magnetic tapes.

Some automated journal production will start in 1972 and further details will be announced in due course.

Any enquiries should be addressed to:

Systems Manager,
Commonwealth Agricultural Bureaux,
Farnham House, Farnham Royal,
SLOUGH SL2 3BN, ENGLAND.

YEAR BOOK OF LABOUR STATISTICS 1970

A unique reference work, now in its 30th Edition, bringing together world-wide statistical data on labour and conditions of work in more than 180 countries and territories

The new enlarged edition of the Year Book provides background information essential to a proper understanding of trends and developments in labour and related matters influencing all aspects of modern society. Its 49 tables of up-to-date statistics make it an indispensable source of reference and research in business and industry, universities, employers' and workers' organisations, and government.

An important new feature is a special table of total and economically active population by sex and age groups in the world over the period 1950-1980.

For the first time since 1964 this edition also includes a table on industrial disputes by industry.

xxiv + 919 pages, trilingual (English, French and Spanish).

Price:

Publications may be obtained through major booksellers, from ILO Publications, International Labour Office, CH-1211, Geneva 22, Switzerland or from ILO Area Office, 7 Sardar Patel Marg, New Delhi-11.

GUIDELINES FOR SUBMISSION OF PAPERS BY AUTHORS

1. **Subjects:** The objective of the *Journal* is to provide a forum for dissemination and exchange of findings of research on agricultural economics. Purely descriptive material is not appropriate for such a journal. Papers dealing with (i) new developments in research and methods of analysis, or (ii) which apply existing empirical research methods and techniques to new problems or situations, or (iii) which attempt to test new hypotheses/ theoretical formulations or modifications of existing theories or policies to explain economic phenomena especially in the Indian context, or (iv) papers based on research done by the authors bringing out new facts or data presented in an analytical frame will be preferred. Younger economists are advised to seek guidance from their seniors in the preparation of the paper for the *Journal*. A one-page statement indicating the author's own assessment of the importance and relevance of the findings reported in his paper in the context of recent researches would be welcome.

2. **Size of Paper:** In view of the exorbitant increase in the cost of printing, it has become necessary to restrict the length of the papers accepted for publication to 20 (double space) typed pages (of the size 8½-by-11 inches) including tables and appendices (with margins on all sides of at least 1½ inches). Papers exceeding this size limit will be returned to the authors. The authors may however send along with their papers such "supporting material" as may be of help to the referees in evaluating them. Abstracts not exceeding 100 words should be submitted in duplicate along with the paper.

3. **Copies:** Two copies of each paper should be submitted along with a processing fee of Rs. 15/- either by M.O. or crossed I.P.O. ( 4.00 or £ 2.50) drawn in the name of the Indian Society of Agricultural Economics, to meet partly the postage and other incidental charges.

4. **Author's identification:** To protect the anonymity of authors while referring the Papers for expert opinion on their merits, authors are advised to avoid disclosing their identity in the text and to attach a separate page showing the name(s) and affiliation(s) of the author(s) along with any footnotes containing bibliographical information or acknowledgements.

5. **Mathematical notations:** Only essential mathematical notations may be used; it is prohibitively costly to typeset such notations. All statistical formulae should be neatly typed.

6. **Figures-Charts and Tables:** Professional assistance should be availed of while presenting figures and charts. They should be drawn in black ink which can be easily reproduced by photographic process. Typescript is not suitable for reproduction. Roman numerals may be used for tables.

7. **Footnotes:** Footnotes should be numbered consecutively in plain arabic superscripts.

8. **References and citations:** Only cited works should be included in the reference list. Please follow the style of citations as in previous issues of this *Journal*.

9. **General:** While sending papers the authors should state that the material has not been published elsewhere or is not being published or being considered for publication elsewhere.

10. **Reprints:** Ten free reprints of the paper would be given to the author; additional reprints, if required, are supplied at cost which may be ascertained from the Editor.
