AUTHOR GUIDELINES FOR
SUBMITTING MANUSCRIPTS TO JARE

Contributors must use the following guidelines in preparing manuscripts for submission. Please note that the *Journal of Agricultural and Resource Economics* (JARE) accepts only electronic submissions submitted in PDF format. Submissions must made at http://www.jareonline.org.

1. Author Certifications. Authors submitting manuscripts to JARE certify that the material in the manuscript (or modification thereof) has not been published, is not being published, and is not currently being considered for publication elsewhere. Authors also certify that the material in the manuscript, to the best of their knowledge, does not infringe upon other published material protected by copyright. Authors also acknowledge they have read and agree to the policy on data access and estimation procedures outlined below.

2. Data Access and Estimation Procedures. Authors are expected to document their data sources, data transformations, models, and estimation procedures as thoroughly as possible. Authors are also expected to make data available at cost for replication purposes for up to five years from publication.

3. Title Page. In a separate PDF file, provide the title of the manuscript and author(s)’ name(s) centered and in boldface type. At the bottom of the same page, provide professional title(s), institutional affiliation(s), acknowledgments of colleague reviews and assistance, and institutional support as an unnumbered footnote. Per the WAEA's disclosure policy, available in full on the JARE website, please be sure to fully acknowledge any funding sources, including grant or project number(s), and any potential conflicts of interest.

4. Abstract. Include an abstract of 100 words or less, followed by up to eight key words or short phrases listed in alphabetical order. To ensure anonymity in the review process, authors should not identify themselves on the abstract page or in any headers.

5. Text. Suggested manuscript length is no more than 25 text pages (not including reference list, tables, and graphics). Double space all text, including the abstract, acknowledgments, footnotes, and references. Use a 12-point Times Roman font and allow 1” margins on all sides. Provide short headings for each section and subsection. Do not use right-justified margins, end-of-line hyphenation feature, or line numbering.

6. Style, Grammar, and Punctuation. JARE uses the most recent edition of *The Chicago Manual of Style* by the University of Chicago Press and Webster’s Third New International Dictionary for style, format, and spelling. For further guidelines, please visit the JARE website at http://www.jareonline.org/.

7. Footnotes. Use superscript Arabic numbers within the text, numbered consecutively throughout the manuscript. Footnotes should be placed at the bottom of the page. Please use the automatic footnote feature available in Microsoft Word.

8. References/Text Citations. In a reference section immediately following the manuscript text, list all works cited in the text, alphabetized by author last name. Refer to *The Chicago Manual of Style* for format; samples of appropriate formatting are available at http://www.jareonline.org/. For within-text citations (either parenthetical or as part of narrative), spell out up to three author last names; use first author’s name followed by “et al.” for works with four or more authors. Include the publication year with all text citations. When citing a direct quotation, include page number(s) from the author’s work.

9. Figures and Tables. Place each figure and table on a separate page at the end of the manuscript. Whenever possible, preferred (but not required) software for figure generation is Microsoft Excel. Do not place figure title/caption within the figure graphics box.

10. Math and Equations. Consecutively number equations throughout the text. When displaying equations, place equation number within parentheses at flush-left margin; center the equation. Use italic typeface for all variables, and use boldface (no italics) for all vectors and matrices, both within equations and within text.

11. Publication Costs. Authors submitting manuscripts are expected to assume obligation for payment of page charges at publication. Current page charges are $79/printed page for WAEA members and $89/printed page for nonmembers. Supplemental materials that do not appear in print will be charged a $10/page formatting fee.

12. Submissions. All submissions to the *Journal of Agricultural and Resource Economics* must be submitted electronically to the editorial team at the JARE URL: http://www.jareonline.org. To ensure author anonymity, JARE accepts submission only in PDF format. Author and institutional identifications will be removed from PDF file submissions by the editorial team prior to being sent to reviewers. Receipt of manuscripts will be acknowledged by e-mail.
