The *Journal of Agricultural and Resource Economics* is published by the Western Agricultural Economics Association three times per year, in April, August, and December.

Copyright © 2004 by the Western Agricultural Economics Association.

An article, note, or other material appearing in the *Journal of Agricultural and Resource Economics* may not be republished in full or in part without permission from the editor.

Editorial Policy

The *Journal of Agricultural and Resource Economics* seeks to publish creative and scholarly economic studies in agriculture, natural resources, and related issues. Manuscripts dealing with the economics of food and agriculture, natural resources and the environment, human resources, and rural regions are encouraged. The *Journal* seeks to provide a forum for topics of interest to those performing economic research as well as to those involved with economic policy and education. Submission of comments on articles previously published in the *Journal* is welcomed.

Editorial Communications

All initial submissions and accompanying editorial correspondence should be addressed to DeeVon Bailey, Editor, *JARE*, Department of Economics, Business Building, Room 606, 3530 Old Main Hill, Utah State University, Logan, UT 84322-3530. Visit our internet web site at <http://jareonline.org>.

AUTHOR GUIDELINES FOR SUBMITTING MANUSCRIPTS TO *JARE*

Contributors are requested to use the following guidelines in preparing manuscripts for submission:

1. *Cover Letter.* In a cover letter accompanying the manuscript, indicate (a) why the manuscript would interest *JARE* readers; (b) whether the material in the manuscript (or modification thereof) has been published, is being published, or has been submitted for publication elsewhere; (c) that the material in the manuscript, to the best of the author's knowledge, does not infringe upon other published material protected by copyright; and (d) that the author has read and agrees to the policy on data access and estimation procedures outlined below.
2. *Data Access and Estimation Procedures.* Authors are expected to document their data sources, data transformations, models, and estimation procedures as thoroughly as possible. Authors are also expected to make data available at cost for replication purposes for up to five years.
3. *Title Page.* On a separate page, provide the title of the manuscript and author(s)' name(s) centered and in boldface type. At the bottom of the same page, provide university title(s), institutional affiliation(s), acknowledgments of colleague reviews and assistance, and institutional support as an unnumbered footnote. **Do not place the name(s) of the author(s) on the first page of the text.**
4. *Abstract.* Include an abstract of 100 words or less, followed by up to eight key words (or short phrases) listed in alphabetical order.
5. *Text.* Double space all text, including the abstract, acknowledgments, endnotes, and references. Use a 12-point Times Roman font and allow 1" margins on all sides. **Do not use right-justified margins** (i.e., use jagged right margins). **Do not use end-of-line hyphenation feature.**
6. *Style, Grammar, and Punctuation.* The *JARE* uses *The Chicago Manual of Style* by the University of Chicago Press, and *Webster's Third New International Dictionary* for style, format, and spelling.
7. *Footnotes.* Manually insert superscript numbers within the text to denote footnotes, numbered consecutively throughout the manuscript. **Do not use software footnote/endnote feature.** Combine all footnotes on a separate page immediately following the manuscript text. **Do not place footnotes at bottoms of manuscript pages.**
8. *References/Text Citations.* In a reference section immediately following the footnotes page, list all works cited in the text, alphabetized by author last name. Refer to current issues of the *JARE* for format. For within-text citations (either parenthetical or as part of narrative), spell out up to three author last names; use first author's name followed by "et al." for works with four or more authors. Include the publication year with all text cites. When citing a direct quotation, include page number(s) from the author's work.
9. *Figures and Tables.* Place each figure and table on a separate page at the end of the manuscript. Computer-generated graphics for figures (Microsoft Excel, Corel Presentations, Corel Quattro Pro, Power Point, Word Perfect) are preferred. **Do not place figure title/caption within graphics box.**
10. *Math/Equations.* Consecutively number equations throughout the text. When displaying equations, place equation number within parentheses at flush-left margin; center the equation. Use *italic* typeface for all *variables*, and use **boldface** (no italics) for all **vectors** and **matrices**—both within equations and within narrative.
11. *Publication Costs.* Authors submitting manuscripts are expected to assume obligation for payment of page charges at the time their manuscripts are published. Current page charges are \$60/printed page for WAEA members and \$70/printed page for nonmembers.
12. *Submissions.* Electronic submission of manuscripts is highly encouraged. Please submit a cover letter and the manuscript in separate files formatted as Adobe Acrobat (*.pdf) files, attached to an e-mail to jare@econ.usu.edu. If using standard mail for your submission, send **four** good quality hard copies to the address below. Receipt of manuscripts will be acknowledged by return mail.
